

LEADERSHIP JOURNEYS

The new Girl Scout Leadership Journeys, accompanied by new resources and new awards is available for each Girl Scout Grade Level. Girls and volunteers are encouraged to add outings, celebrations and in-depth explorations or anything else that meets their interests, time and resources.

Throughout the multiyear transition period, no girl will lose out on experiences, projects or awards they have already started. Girls at every level can continue to use all available existing materials, as new resources are available. Existing program resources will continue to serve as supplements to the new Journeys through 2011.

Girl Scouts of Greater South Texas has decided to support new leaders by providing them with the New Journey Leader Guide for their Grade Level. All other materials are available for purchase in the Council Shops. For additional information on these New & exciting program, please contact your Membership Executive.
