

Hello Family Garden Friends!

Family and Homeschool Field Trips are a great way to learn and have fun at the Gardens!

Up to 6 people (including adults) for \$40 for the group (members) and \$50 group for (nonmembers)

Enjoy a **one and half to two hour** educational and entertaining experience which includes any 4 of the field trip stations listed below and a Science Investigation or Nature Craft.

Request a date and time for your Field Trip today! Experience also includes **private use of playground** and participants receive mini-nature journals and other garden keepsakes.

Please choose 4 of the following Field Trip Stations in the Gardens (15-20 minute stations):

- 1-Reptile Room- (touch) at least 2 reptiles (tortoise and snake) and learn about habitats, diets and more!
- 2-Parrot Time- observe and feed several parrots and learn about the characteristics, behaviors, and diets.
- 3-Butterfly House- observe and interact with butterflies, caterpillars and chrysalis
- 4-Sensory Garden- use your senses such as taste and smell to investigate different herbs and native plants
- 5-**Orchid & Bromeliad Houses** learn where vanilla comes from, where pineapples are grown and uses, and explore "mini-ponds in plants"
- 6-Brennecke Trail- a short walking trail with an overlook tower beside Gator Lake (no gators in lake)
- 7-Wetlands Boardwalk, Palapa Deck and Arid Garden- take a short walk to view birds with our binoculars and view different plants in a wetland setting.

Please choose 1 of the following Science Investigations or Nature Crafts (20-30 min activity)

- 1-Tiny Critter Investigations- observe and use lab charts as you explore insect critter traps, ant labs...
- 2-Critter Behavior Lab-observe mealworms and rollie pollies using behavior chamber lab equipment
- 3-Earthworms and composting Station- interact with earthworms/red wigglers and composting activities.
- 4-Butterfly Life Cycle-observe caterpillars, chrysalis phase and parts of butterflies using a microscope.
- 5- Nature Sun Catcher- use real butterfly wings, snakeskin, feathers, flowers...
- 6- Snake in the Grass- make a snake using real snakeskin and create an environment for your snake
- 7-Sun Prints-create 2-3 sun prints using special paper and petals, snakeskin, feathers, leaves and more.
- 8-Spider Web-make your own spider web using yarn and add your spider and bug

Above Program activities subject to weather, animal behavior, staff/volunteer availability, etc.

Complete the Field Trip Registration on the 2nd page and email to brendae@stxbot.org
